Product Manual

Spray Gun TP-SG01

TP- SG01 Spray Gun is engineered for cleaning drones and compatible with third- party cleaning- drone platforms. Featuring retractable straight spray-rod with 25 MPa pressure- resistant pipeline. It guarantees safe stand- off distance and stable high- pressure spraying. Balancing operational safety, equipment protection and efficiency for high-altitude tasks: building- facade cleaning, PV-panel dust removal, equipment degreasing, outdoor disinfection & rinsing.

No.	Item	Specification	Remarks
1	Model	TP-SG01	Retractable
2	Weight	1.6 ± 0.5 kg	
3	Spray Boom Dimensions	1900×140×30 mm (L×W×H)	Fully extended
		1100×140×30 mm (L×W×H)	Folded
4	Mounting fixture dimensions	204×170×85 mm (L×W×H)	
4	Built-in Hose Pressure	25 MPa	
5	Nozzle Removal Method	Quick-release	
6	Nozzle Diameter	0°, 3 mm diameter	Replaceable
